

13th ICOLD

European Club Symposium
21-25.09.2026 Bydgoszcz, POLAND

Dear Friends, Ladies and Gentlemen!

On behalf of Polish Committee on Large Dams (POLCOLD) I would like to invite you to 13th ICOLD European Club Symposium, which will be held from the 21st to the 25th of September 2026 in Bydgoszcz, Poland. The website is available: www.ecs2026.pl.

Approximately 700 people professionally involved in hydraulic engineering are expected to attend, including outstanding experts in the field of dams and flood embankments, as well as tailings dams.

One of the goals of the event is to present the latest achievements in the field of dam engineering in Europe. We would like to enable participants to exchange and share current experiences in the field of dams and reservoirs. In addition to plenary lectures and scientific sessions, the organisers have planned time for satellite and sponsored sessions, application workshops and meetings with specialists. The Scientific Committee will supervise the content of all events.

If you are interested in a sponsored session or lecture, please send your declaration of participation with a description of the planned topic of your sponsored activity to the Logistic Provider's address: office@gradatim-sympozja.pl. The Logistic Provider may start pricing a partnership package containing this type of activity only after receiving the approval of the Scientific Committee.

It is also planned to provide an exhibition space. This will enable the free exchange of knowledge and experience in a partnership atmosphere.

I cordially invite you to participate in this event and looking forward to seeing you in Bydgoszcz!

Piotr Śliwiński
President
Polish Committee on Large Dams
